LETTER OF APPRECIATION

I wish to thank and appreciate you all for the services you have rendered to the club in diverse ways. I whole heartedly applaud you for helping me run the affair of the club tremendously.

I therefore, seize this opportunity to still encourage you to continue paying your dues effectively and on time, due to the fact that the club is being run with it.

More over, I urge each and every kpokplokú family member to strive unity among us. Help our family in times of need. Let us unite as a family and share peace, love, unity and wisdom among ourselves.

Last but not the least, the holiday season is approaching and I wish each and every member Merry Christmas and a Joyous Happy New Year.

May the Good Lord reach us with long life; strength health, wealth and He shall completely bring us to successful year end.

Thank you all.
Shalom, Peace
